2.3.1. Student centre methods such as Experiential learning, Participative learning and problem solving methodologies are used for enhancing learning experiences

Experiential Learning

Engage with students in direct experience and focused reflection in order to increase knowledge, develop skill and clarify values.

Faculty member of the college used ICT during classroom teaching. When ICT is integrated into lessons, students become more engaged in their works. This is because technology provides different opportunities to make it more fun and enjoyable in terms of teaching the same things in different terms.

Lecture given through power point presentation with projector

Experiential Learning
Microscopic Analysis of slides
